Notes:

Refer to the *Protection for Persons in Care Act*, SA 2009, cP-29.1 for the complete definitions of abuse.

One report of abuse may involve multiple allegations resulting in one or more types of abuse. For example, a client may have been physically struck on the arm, which caused bruises to the arm and the client became upset and was fearful because of the incident. In this example, one allegation was reported and the client experienced both emotional harm and bodily harm (two types of abuse).

This report reflects information under the *Protection for Persons in Care Act*, SA 2009, cP-29.1 proclaimed on July 1, 2010
